PRESIDENTIAL ADDRESS

The Tropical Grassland Society of Australia: New directions—D. J. Minson 49

NOTES TO CONTRIBUTORS

Notes to Contributors 97

CONTRIBUTED PAPERS

Influence of frequency of nitrogen fertilizer application on milk production from cows grazing tropical grass pastures—T. M. Davison, R. K. Shepherd and G. W. Brown 1

Mineral concentration of tropical grasses as affected by age of regrowth—D. Rojas O., L. R. McDowell, J. E. Moore, F. G. Martin and W. R. Ocumpaugh 8

Effects of stocking rate and grass species on pasture and cattle productivity of sown pastures on a fertile brigalow soil in central Queensland—B. Walker, P. B. Hodge and P. K. O'Rourke 14

Establishment and persistence of introduced grasses on the Marrakai land system, in the Northern Territory semi-arid tropics—T. H. McCosker 28

Persistence and productivity of *Centrosema virginianum* and *Vigna parkeri* cv. Shaw under grazing on the coastal lowlands of south-east Queensland—R. M. Jones and R. J. Clements 55

Simulated latitudinal effects on flowering and seed production of *Stylosanthes guianensis* selections—K. Trongkongsin and L. R. Humphreys 64

Using fire and supplements to improve cattle production from monsoon tallgrass pastures—W. H. Winter 71

Agronomic and grazing evaluation of 3 lines of *Centrosema pascuorum* under seasonally flooded conditions in the Northern Territory—T. H. McCosker 81

Cattle production from high input introduced pastures on the Marrakai land system, N.T.—T. H. McCosker 100

Influence of withholding irrigation and trellis culture on seed production of *Macroptilium atropurpureum* cv. Siratro—L. Kowithayakorn and L. R. Humphreys 107

Estimating forage intake from the growth of beef cattle—D. J. Minson and C. K. McDonald 116

Mob-grazing of morphologically different *Aeschynomene* species—Rhonda R. Gildersleeve, W. R. Ocumpaugh, K. H. Quesenberry and J. E. Moore 123

Productivity of grazed irrigated pastures of ryegrass, berseem clover, and ryegrass/berseem clover in south-east Queensland—G. B. Robbins and J. J. Bushell 133

Using fire and supplements to improve cattle production from monsoon tallgrass pastures—W. H. Winter 71

Agronomic and grazing evaluation of 3 lines of *Centrosema pascuorum* under seasonally flooded conditions in the Northern Territory—T. H. McCosker 81

Cattle production from high input introduced pastures on the Marrakai land system, N.T.—T. H. McCosker 100

Influence of withholding irrigation and trellis culture on seed production of *Macroptilium atropurpureum* cv. Siratro—L. Kowithayakorn and L. R. Humphreys 107

Estimating forage intake from the growth of beef cattle—D. J. Minson and C. K. McDonald 116

Mob-grazing of morphologically different *Aeschynomene* species—Rhonda R. Gildersleeve, W. R. Ocumpaugh, K. H. Quesenberry and J. E. Moore 123

Productivity of grazed irrigated pastures of ryegrass, berseem clover, and ryegrass/berseem clover in south-east Queensland—G. B. Robbins and J. J. Bushell 133

A pasture budget for dairy farms in the Kyogle district—G. J. Murtagh and K. G. Moore 145

Effect of grazing on net primary production and system transfer function in a western Himalayan grassland community—Arun K. Agrawal and Ashwani K. Goyal 154

Pastures in the plantations of Asia and the Pacific: performance and prospect—H. M. Shelton, L. R. Humphreys and C. Batello 159

Yield, persistence and field disease assessment of lucerne cultivars and lines under irrigation in the Queensland subtropics—K. F. Lowe, D. Gramshaw, T. M. Bowdler, R. L. Clem and B. G. Collyer 168

Cytogenetic review of taxa in *Stylosanthes hamata* sensu lato—Helen M. Stace and D. F. Cameron 182

TECHNICAL NOTES

Growth response of tropical forage legumes to inoculation with *Glomus intraradices*—O. A. Medina-Gonzales, D. M. Sylvia and A. E. Kretschmer, Jr. 24

Recruitment of *Astrebla* spp. in the Warrego Region of south-western Queensland—R. Roe 91

Effect of weed composition on the early growth of *Leucaena leucocephala*—D. G. Cooksley 139

Glabrous stem: a seedling marker gene in *Aeschynomene americana*—C. W. Deren and K. H. Quesenberry 188

NEW PASTURE PLANT RELEASES

Medicago sativa L. (lucerne) cv. Aurora 41

Lolium perenne L. (perennial ryegrass) cv. Martlet 43

Andropogon gayanus Kunth (gamba grass) cv. Kent 44

Paspalum notatum Flügge (Bahia grass) cv. Competidor 93

Digitaria smutsii Stent (digit grass) cv. Premier 142

Ornithopus compressus L. (Yellow serradella) cv. Tauro 191

BOOK REVIEWS

Pasture Research in Northern Australia—Its History, Achievements and Future Emphasis—A. G. Eyles and D. G. Cameron, Ed. J. B. Hacker 47

The Northern Challenge—A History of CSIRO Crop Research in Northern Australia—J. J. Basinski, I. M. Wood and J. B. Hacker 48

IN MEMORIUM

W. R. Pechey 95
